TECH CHEM INC

Where your image matters.

Tech Chem's Developer & Fixer Premix™ is specially formulated to provide sharp, crisp x-rays in ALL Automatic Film Processors that have ROLLER TYPE transport assemblies. These include AT2000®, Dent-X 810® & 9000®, Velopex Intra®, Velopex Xtra®, and Velopex Xtender® processors to name a few.*

This is packaged in cases of 4 gallons of ready-to-use solution. You may order any combination of developer and/or fixer in full cases to suit your needs. **Without paying extra!**

4 Gallons per case \$ 36.00

Peri-Kem® is manufactured to produce superior x-rays in ALL Automatic Film Processors that have ROLLERLESS Type transport assemblies, like the Peri-Pro® machine.*

This is packaged in cases of 6 32-ounce bottles OR 12 32-ounce bottles of ready-to-use solution. You may order any combination of developer and / or fixer in full cases to suit your needs. **Without paying extra!**

6 32-oz Bottles for \$ 26.00 - 12 32-oz Bottles for \$ 48.00

Dental Processor Cleaner™ is designed to clean ALL Automatic Film Processors - roller & rollerless! Simply activate with HOT Tap Water, wait 20-30 minutes, drain and rinse thoroughly, replace transports & you're ready to go!

No hazardous chemicals! Biodegradable! Safe to YOU!

This is packaged 3 ways: Pre-measured in six convenient bottles - **6 cleanings for \$46.00;**

Compactly in a 1# jar - **up to 8 cleanings (scoop included) for \$32.00;**

Economically in a 6# canister - **up to 42 cleanings (scoop included) for \$120.00**

Fixer Check for X-Ray Use™ is for use in determining Silver Saturation in fixer for ALL types of fixer - Automatic or Manual! Using the dropper provided, put 2 drops of Fixer Check directly in the fixer. If the spot turns milky white your fixer has too much silver in it. If the spot remains clear, YOUR FIXER IS FINE & STILL USABLE!

Fixer outlasts developer 2-6 times! Stop throwing away - or worse paying for hauling away - good fixer! One bottle of Fixer Check for X-Ray Use will last **UP TO 3 YEARS!** You may purchase developer and fixer from us the way you NEED IT! Without paying extra!

1 oz Bottle for \$ 10.00 - UP TO A 3 YEAR SUPPLY!

XLR™ Developer and Fixer Concentrate is formulated to provide sharp, crisp x-rays in all Manual Tanks (Dip & Dunk). Each bottle of XLR concentrate makes 1 Gallon of working solution!

This is packaged in cases of 6 32-ounce bottles OR 12 32-ounce bottles of concentrate solution. You may order any combination of developer and / or fixer in full cases to suit your needs. Without paying extra!

6 32-oz Bottles for \$ 38.00 - 12 32-oz Bottles for \$ 68.00

Dip Tank Cleaner™ is activated with HOT Tap Water. Drain chemicals from the tanks, add Dip Tank Cleaner, Hot Tap Water, wait 20-30 minutes, drain, rinse & you're done! No more scrubbing!

This is packaged 2 ways: Compactly in a 1# jar - **4 cleanings (scoop included) for \$32.00;**

Economically in a 6# canister - **21 cleanings (scoop included) for \$120.00**

Stain Away™ removes most stains caused by developer and fixer from clothing and other fabrics! Safely remove stains caused by Developer and Fixer from clothing and other fabrics. This product has been known to even remove stains that were several years old. (Removing old developer stains from athletic shoes is a favorite!)

12 oz Bottle for \$ 14.00

Actual shipping charges are added to each order - no handling fees!!
